Hi Liz,

Susan Robinson mentioned you would be willing to help out with some work underway by the America Recycles Day workgroups EPA has been facilitating since January. Specifically, I think she thought you might be interested in the Markets workgroup. Last Thursday, we had a call with the Markets workgroup to discuss the attached document. A few people volunteered to start fleshing out some of these ideas and we anticipate scheduling a call for that smaller group in the next week or two. Also for your reference, I attached a little more information about broader work we are doing in case that is helpful.

Thanks for volunteering to help out. Please let me know if you have any questions I am happy to provide more details.

Best,
